Subject: TUV Certified Grip Anti Slip Treatment

Dear Mr. Arora,

I am delighted to write a note of reference for the recently treated some of our Shower cubical and bath tub surfaces with swiss made GRIP Anti slip treatment to enhance the Guest safety standards at PARK Hyatt Abu Dhabi hotel & villas.

The key factor for choosing to work with Ecosystems and Grip were the excellent product performance, TUV Certification and eco-friendliness of the coating.

I would like to thank specifically Ecosystems application team to carry out the works professionally in our exclusive property.

We at Park Hyatt are very satisfied and happy to be your client and are looking forward for a long-lasting business relationship.

Regards

A handwritten signature in blue ink is positioned to the left of a circular blue stamp. The stamp contains the text 'PARK HYATT ABU DHABI' in the center, with 'HOTEL AND VILLAS' written around the bottom inner edge. The outer ring of the stamp contains Arabic text: 'فندق بارك هايئات أبو ظبي' at the top and 'شارع الشيخ زايد' at the bottom.
